

SAVING ENERGY CAN MAKE A BIG IMPACT!

Did you know that real estate accounts for one-third of all global carbon emissions? Reducing energy use is one of the most important things you can do to improve sustainability in your home and workplace. Not only can it save on utility bills, but it can also make a big difference for the planet!

HERE'S HOW YOU CAN PARTICIPATE!

Lower your thermostat by one degree to reduce energy consumption.

Review your utility bill to find ways to reduce energy use.

A transition to energy-efficient lighting could reduce the global electricity demand for lighting by 30 – 40%.

PARTICIPATE IN THE ENERGY CHALLENGE - JANUARY THROUGH MARCH 2020!

We encourage everyone to participate in this quarter's challenge to reduce energy use at home and at work! By taking simple steps to reduce your use, you can make a positive impact.

**Track your
carbon footprint!**
